

Panel Sizes with Jenna!

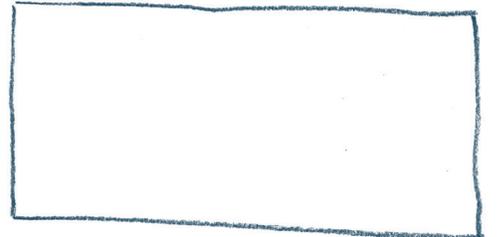

Different panel sizes give the reader a different feel. If you change these up, it allows you to communicate to your reader in a different way!

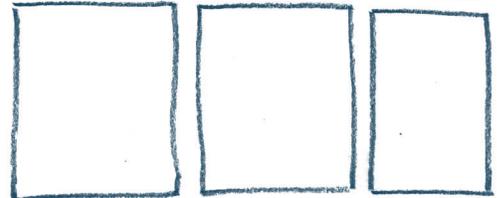

A long wide panel will give the reader the feeling of time passing slowly.

A tall thin panel will feel like time is passing quickly!

No panel border will make it feel like time stops.

Experiment with different shapes to see how they feel!

What can you create?

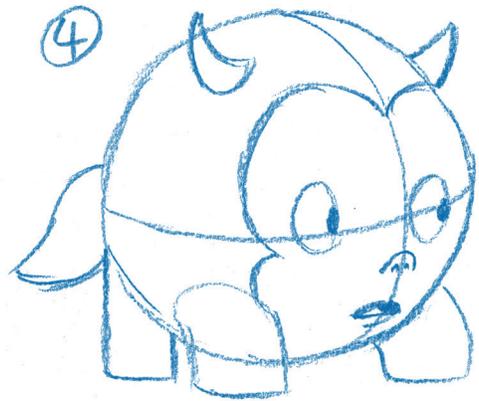

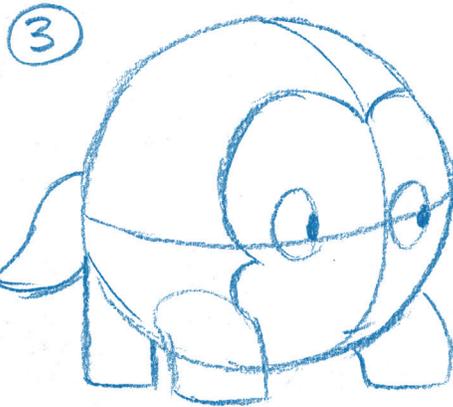

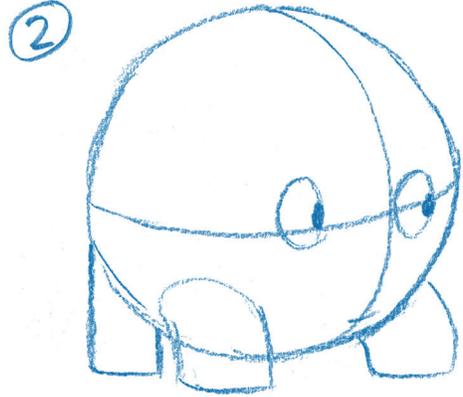

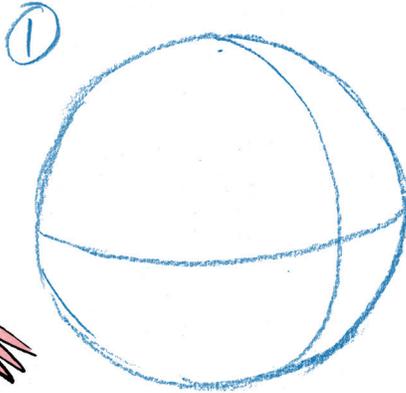

Draw Conker with Ollie!

Lightly use a pencil for your drawing. Then you can erase your guide lines!

If you start with a ball, you can draw Conker in other positions too!

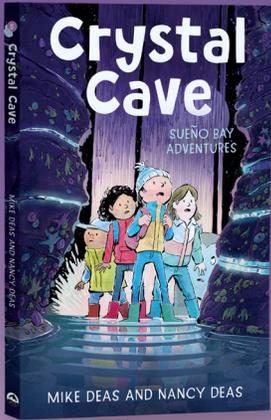

Use a pen to clean up your final drawing and erase the guidelines!

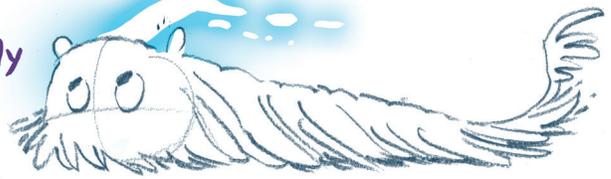

What can you create?

Design Moon Creatures with Sleeves!

Moon creatures usually have a fur coat

Try adding more legs and changing up the shapes

Patterns can make them more interesting

Some fly and some swim

Some are big and some are small

What can you create?
